9<sup>th</sup> February 2023

Dear parent/guardian,

Jesmond Public School is committed to providing a technology-rich environment for our students. Our school community considers the use of Information and Communication Technology (ICT) is fundamental in assisting teaching and learning in all areas of the school curriculum.

The school uses third-party providers offering web-based educational resources and cloud-based storage to support our administrative functions and enhance student learning outcomes. The department has a service agreement with some providers it has assessed as meeting privacy and security standards required of the department. The school offers students access to a number of services in addition to these.

In most instances, students are required to register before accessing an online service. Registration involves either a staff member or student entering identifying information such as name, grade, and email address onto the provider's platform. This and any other data entered in the course of accessing the application may be stored on servers located in Australia or off-shore in a country not subject to NSW privacy laws.

Your consent is required for your child's information to be provided to these third-party providers. Before giving your consent, it is important you understand what student information is collected, how it will be used and who may have access to it. The table provided lists each of the third-party providers the school intends to use this year with a link to the website. If you require further clarification of these services you can contact Miss King.

**Please return the last page to your child's teacher as soon as practicable. Without your consent, we are unable to use any of these third-party providers.**

Miss King  
Assistant Principal

## Permission – third-party web and cloud-based service providers

This year Jesmond Public School will be utilising the services of third-party online service providers to enhance student learning. The providers requiring access to student personal information are listed below.

Service provider details	Services	Management of Student Data	Information Sharing
<b>Seesaw</b> <a href="https://web.seesaw.me/">https://web.seesaw.me/</a>	Parents are provided with updates on student learning through photos and videos. Parents are provided with communication from the school. Students participate in learning activities.	Australia United States	Google

Jesmond Public School is seeking your consent for the department to provide your child’s personal information to access these online service providers and, where required, for your child to enter his/her personal information.

Please complete the consent below and return it to your child's teacher.

### Consent to use third-party web and cloud-based service providers

Student name: \_\_\_\_\_

Parent/Carer name: \_\_\_\_\_

Parent/Carer signature: \_\_\_\_\_

Date: \_\_\_\_\_

**I consent to my child using all of the third-party web and cloud-based services providers below (please tick the box)**

**OR (please circle each of the appropriate responses)**

Seesaw	consent	do not consent
Reading Eggs	consent	do not consent
Canva for Education	consent	do not consent
Class Dojo	consent	do not consent
Epic	consent	do not consent
Google Workspace	consent	do not consent
Kahoot	consent	do not consent
Lumio by SMART	consent	do not consent
PAT Testing	consent	do not consent
PlayED	consent	do not consent
Prodigy	consent	do not consent
Read Theory	consent	do not consent
Study Ladder	consent	do not consent
Typing Club	consent	do not consent

This consent remains effective until I advise the school otherwise.

In addition to the services listed above the school uses Sentral, Microsoft Teams, Minecraft and Google Workspace. The department has entered into an enterprise agreement with each of these providers after assessing their privacy impacts and data security controls as compliant with NSW privacy requirements.

I acknowledge that my child must abide by the conditions of acceptable usage set out in the department's [Student use of digital devices and online services](#) and that any breach of this policy may result in disciplinary action in accordance with the school's disciplinary policy.
